

IN THE DRAWINGS:

The proposed change to FIG. 9 is hereby submitted on separate paper, with the proposed change marked in red. Specifically, reference character "92" for the sheave located between lower plates 76 has been changed to "98."

The proposed change to FIG. 3 is hereby submitted on separate paper, with the proposed change marked in red. Specifically, reference character "156" for the tree guard has been changed to reference character "158."

The proposed change to FIG. 13 is hereby submitted on separate paper, with the proposed change marked in red. Specifically, reference character "156" for the obstruction has been changed to reference character "210."

Applicant submits that the proposed changes do not present new matter, and overcome the Examiner's objections under 37 CFR 1.84(p)(4). Applicant respectfully request that the enclosed formal drawings reflecting these changes be entered.
